- 1 Extension of European patent possible.
- 2 May only be designated for a regional patent (the "national route" via the PCT has been closed).
- 3 Except for Mayotte Island which is covered by French law.
- 4 The Federal Republic of Yugoslavia is comprised of the republics of the Serbia and Montenegro. The World Intellectual Property Organisation has utilized the two-letter code "YU" to refer to the Federal Republic of Yugoslavia becoming a party to the Patent Cooperation Treaty. The United States understands that the scope of the territory covered by the designation encompasses only the Republics of Serbia and Montenegro.
